

KXLO and KLCM radio have served Central Montana since 1947 with great pride. We bring our listeners the finest in programming, ... music, weather, news, information, and valuable "LOCALLY PRODUCED TALK SHOWS" which carry with them ethics, decency, high morals, no cussing, no tacky talk, and no obscenities!!!! We've program our stations with great care and DO NOT ACCEPT ANY TYPE OF OFFENSIVE PROGRAMMING WHATSOEVER!

It is so very unfortunate that the big time multi station owners have brought this shameful mess upon our industry, JUST FOR THE BUCK.

You judge all stations as the same! We are NOT AT ALL LIKE THE Lowery Mays operations and others that program such smut!

I've been in radio since 1958, it's my passion, my life, my career, and my job...I would never degrade my programming nor the industry such as these large owners have done and brought such a horrid reputation to our industry.

It's simply unthinkable that you'd think of a small market radio station in the middle of Montana serving 15,000 listeners and working hard everyday to make a living would be anything like Lowery's operations or another other big time operators.

The industry may be "cookie cutter" to you, but believe me there are still a few of us that take great pride in our programming, our music, our information we distribute, and our life living in such wonderful small communities such as Lewistown, Montana!

It's silly to require us to tape (record) all our programming from 6a to 10p 7 days per week...it does show your ignorance to the real problem, it's the big multi station owners that have brought this programming problem on and it has NOTHING to do with survival in small market radio as in Lewistown, Montana!!!!!!!!

If you really want to know what REAL RADIO IS LIKE PLEASE COME TO LEWISTOWN, MONTANA AND LISTEN FOR YOURSELF. EVEN YOU, IN YOUR SLICK IVORY TOWERS IN DCA WOULD BE AMAZED HOW WONDERFUL RADIO CAN REALLY BE IN PROGRAMMING FOR THE "PUBLIC INTEREST, CONVENIENCE AND NECESSITY"!!!!

GIVE ME A CALL I WELCOME YOU TOO.
